CUMBERLAND FAIR.

Opening Day--Splendid Prospects--The Best Exhibition Ever Made in the County--Great Crowd.

Fayetteville, Nov. 12th, 1878.

Special Telegram to the News.

The sixteenth annual fair of the Cumberland Agricultural Society opened to-day. Everything looks favorable for making it a success. The weather is clear and delightful.

Quite a large crowd of people are already in town, and they are still pouring in.

Many entries have been made and many more will be made to-morrow.

The race track is in splendid condition. The racing promises to be good.

The Society claims that this will be the best fair ever held in Cumberland county.

The glass ball shooting will take place Friday, and will be the great attraction of that day. The whole town wears a holiday look.

The Eastern Complications,

By Cable to the News.

VIENNA, Nov. 12.—The Pesther Lloyd states that the expedition of Gen. Lomakine from the eastern shore of the Caspian sea in the direction of Nevo in Turkistan, by constant fighting, has forced its way to the upper Attrek valley. The same journal also states that a Russian corps 8000 strong stands on the road to Balka and Herat. Great political importance is attracted to to this event.

A Paris correspondent of the Daily Telegraph says: Prince Orloff, Russian embassador to France, had a long interview on Monday with M. Waddington, French minister of Foreign affairs, at which he informed M. Waddington of the Czar's willingness co-operate in securing an arrangement of the Turco-Greek frontier difficulty, and of his firm intention to carry out all the stipulations of the Berlin treaty. Prince Orloff goes to Baden Baden to interview Prince Gortschakoff on Friday. It is to be hoped that the sinister influence of Gortschakoff is not felt in the Czar's counsels. The visit at Livadia of Count Schouvaloff seems to have had good effect, and the fact that the Russian government has gone out of its way to re-assert its intention to respect the Berlin treaty, is regarded here as a very peaceful omen.

Bad Protective Policy,

By Cable to the News.

LONDON, Nov. 12.—A meeting of the Glasgow Chamber of Commerce yesterday, an invitation was read from the municipality of New Orleans, to attend a inter-state and international convention to discuss measures for the adjustment of American trade with foreign counties. After a discussion the invitation was referred to a committee to prepare a reply in the shape of a communication, which shall show the injurious effects of America's protective policy on British trade.

Alabama News.

By Telegraph to the News.

MONTGOMERY, Nov. 12.—The Alabama legislature met to-day. Both Houses organized temporarily and adjourned until to-morrow. Many visitors are here.

The U. S. Senatorial election is attracting much attention.

The State fair opened to day under favorable auspices.

Shelley, democrat, is elected to Congress over Haralson, colored Republican, by over 2000 majority.

Swiss Elections.

By Cable to the News.

GENEVA, Nov. 12.—The elections for members of the Great Council of the Canton of Geneva have resulted in favor of the Democratic Conservative party. This ensues a return of the dispossessed Catholic priests, a cessation of the religious work and the eventual separation of church and State, but does not ensure there turn of Bishop Mermillod, as he was expelled by the Swiss Federal Government.

Another Hotel Burned.

By Telegraph to the News.

CANTON, PA., Nov. 12.—At 2 o'clock this morning a fire was discovered on the East wing of the Minuequa Springs Hotel, and before it could be extinguished the entire structure was destroyed. From the fact that no fire has been kept in that wing it is suspected to have been of incendiary origin. Nothing was saved, the inmates barely escaping with their lives. Loss is estimated at seventy-five thousand dollars.

Montana Democratic.

By Telegraph to the News.

HELENA, MONTANA, Nov. 12.—Maginnis, Democrat, the present delegate, is re-elected by a large majority over the Independent candidate. The Republicans had no candidate.

Germany will Occupy the Samoan Islands.

By Cable to the News.

PARIS, Nov. 12.—The Estafette states that a telegram has been received from Berlin, announcing that the German government has decided to definitely occupy the whole of the Samoan archipelago.

The Pope's Appeal.

By Cable to the News.

ROME, Nov. 12.—It is stated that the Pope will make a direct appeal to the Czar on behalf of the Polish Catholics and if the appeal be fruitless he will issue an encyclical denouncing the conduct of Russia.

Virginia Grand Commandery.

By Telegraph to the News,

NORFOLK, Nov. 12—The annual session of the State Grand Commandery began to-day. Commanderies are present from all parts of the State. The city and shipping are gaily decorated.

The Latin Monetary Union.

By Cable to the News.

BERNE, Nov. 12.—The Swiss government will give notice on January 1st, of its intentions to withdraw from the Latin Monetary commission.

New York Clearing House Rules.

By Telegraph to the News.

NEW YORK, Nov. 12.—The Clearing House to-day decided upon following plan of action after January 1st, 1878. First to decline receiving gold coins as special deposits, but to accept and treat them only as lawful money. Second, to abolish special exchanges of gold checks at the Clearing House. Third, to pay and receive balances between banks at the Clearing House either in gold or United States legal tenders. Fourth, to receive silver dollars upon deposit only under special contract, to withdraw same in kind. Fifth, to prohibit payments of balances at the Clearing House in silver dollars, excepting as a subsidiary coin in small sums, (say under $10.) Sixth, to discontinue gold special accounts, by a notice to dealers on Jan. 1st next, to terminate them.

The Post, in its 4th edition says: "No more important meetings has been had at the Clearing House since 1873, and the action taken is even more important than anything that was done by the Clearing House during the stormy days of the great panic. There was no formal expression of opinion on the subject of the reissue of United States legal tender notes after their payment by the Treasury, it having been thought best to confine the actions and expressions of the meeting strictly to the matters which require earliest action."

The Latest from the Capital.

By Telegraph to the News.

WASHINGTON, Nov. 12.—All members of the Cabinet were present at the session to-day. Several important subjects to be included in the Presidents message were discussed. An interchange of opinion occurred, concerning the alleged violations of the elections, the U. S. Attorney for La., having furnished a list of cases alleging personal violence intimidation, etc. The sentiment of the Cabinet was that all such violations of law should be examined into with a view to the punishment of the guilty parties.

The Secretary of State presented several telegrams from Minister Welsh, containing the main points of Lord Salisbury's reply to the despatches of Secretary Evarts, on the Canadian fishery question, but which the Secretary declines at present to make public.

Secretary Sherman denies the statement that the one and two dollar United States notes are to be withdrawn from circulation; they are issued like other money, whenever required, and any holder of a demand against the United States is ordinarily paid in the denomination desired.

The Internal Revenue Commissioner, in the forthcoming report will oppose the proposed reduction of tax on tobacco (from 24 to 18 cents per pound,) for the reasons: First, because in the present low state of the Revenue from this source, money could not be spared, and secondly, because he considers it unwise and inexpedient to settle business interests by congressional agitation of question.

The International Trade Convention.

By Telegraph to the News.

CHICAGO, Nov. 12—The National and International Convention for the purpose of extending our foreign trade, especially to encourage reciprocal trade on the American Continent, between Canada, the United States and the South American States, with Mexico and Cuba, met at Fairwell Hall to-day. Over three hundred delegates were present, and nearly every city in the Union was represented. The largest delegations were from St. Louis, Louisville, Cincinnati, Columbus, Burlington and Chicago. The Mexican minister and a number of Congressmen are in attendance.

The Convocation of Raleigh.

Correspondence of the News.

The Convocation of Raleigh met in St. Barnabas church, Greensboro, on Wednesday Nov, 6th, and continued in session three days. There were nine of the clergy present, and very interesting services were held twice daily. Among the topics discussed were "The continuity of the church," "What does the church require of those who seek admission into her communion," and "Diocesan and Parochial missions."

The Rev. R. B. Sutton, D. D., was re-elected Dean, and the Rev. E. R. Rich, Secretary and Treasurer.

The Rev. W. S. Bynum, Deacon officiating, who ministers also at three other points, viz: Winston, Germanton and Company Shops, is using "the office of a Deacon well," and by his untiring efforts, aiding in a most material way the work of the church in this diocese. R.

The Wyecoff Murder.

Correspondence of the News.

NEWTON, Nov. 11.

Enough evidence was elicited at the Cornor's inquest, held over the body of Wesley Wyecoff, to cause the arrest of Bob McCorkle, colored, commonly known as "Dr. Bob," who carries his gun wherever he goes, since his emancipation. He was lodged in jail here last night. Mrs. Wyecoff, wife of the deceased, was also put in the lock up, suspected of being an accomplice. It is considered one of the most cold-blooded murders ever perpetrated in old Catawba. M. O. S.

Ailing Innocents Abroad.

N. Y. Star.

An excursion, modeled somewhat on the plan of the celebrated Quaker City trip, is to be made up this winter from this city. The general arrangement and route of the trip will be similar to that made famous by Mark Twain in his "Innocents Abroad;" but instead of being merely a pleasure trip, it is designed to be useful to invalids and others seeking a change of air in the winter season. A number of invalids in different parts of the country have written, asking a firm to fit out a vessel for such a trip as a climatic cure. In three days from the time of leaving, the vessel will be in a warm sea. The first port will be Fayal, of the Azores group, where the ship will make a short stop to procure fresh fruits, and vegetables and view the beautiful scenery. From thence she goes to Cadiz, Gibaralter, Malaga, Barcelona, and Marseilles. Here, if, the passengers vote for it, she will stay long enough for them to go to Paris.

What Folly.

Washington Post.

The able Washington correspondent of the Cincinnati Enquirer informs his newspaper that the Greensbackers will evidently hold a balance of power in the next House, provided they choose to assert themselves! Certainly. It is the easiest thing in the world for eight men to hold the balance of power between 150 and 131. They can hang on to the balance while the 150 take the power.

Improvement and Regulation of Volunteer Militia.

A circular with the following proposals has been sent to all militia and regular officers throughout the Union. An earnest and concerted effort is to be made to render the Volunteers more soldierly and servicable:

"First—An annual appropriation of $1,000,000 for the purchasing of arms, ammunition and other stores, and for the general benefit of, and to be apportioned pro rata among, the regularly organized and uniformed militia of the different States, under the following general conditions and in accordance with such rules as may be prescribed by a board, to consist of two regular and three militia officers, to be appointed by the President.

Second—That the President shall appoint a board of officers, taken from the army and militia in equal proportion, who shall prepare a system of regulations for the guidance of the militia, based upon the army regulations.

Third—That each State receiving this aid shall provide its soldiers with a complete and suitable service dress and campaign equipment, after a pattern recommended by a board to be appointed by the President, of which three-fifths shall be officers of the militia.

Fourth—Each State also to fit up at least one rifle range for the use of its troops. The Secretary of War to be authorized to offer annually to the regularly organized and uniformed militia of each State (provided they number at least 1,000 men) a prize, not to exceed $100 in value, for competion in rifle practice, and a prize of $1 000 to be shot for by a "team" or a detachment of militia of each State from each of the three divisions of the army, and from the navy, and to be divided among the three "teams" standing highest in such match; both awards to be made under such conditions as may be prescribed by the War Department.

Fifth—The United States to offer annually a stand of colors to that regiment of the militia in each State which shall show the best record for drill and discipline during the year, according to the report of the United States Militia Inspector, said colors to become the property of the regiment winning them three times.

Sixth—That the President shall assign, from competent officers on the retired list of the army, with their consent, a sufficient number, not to exceed ten, as Inspectors of Militia, who shall, with the cooperation of the State authorities, make one inspection of the militia annually, reporting to the Secretary of War.

Seventh—That upon the application of any regimental, brigade or division commander of the militia, though the Governor of his State, the Secretary of War may assign officers from the active or retired list of the army, with their consent, to act as Adjutant, Adjutant General, or Chief of Staff, of such regiment, brigade or division.

Eighth—Nothing in this plan to be construed as giving the President any authority to use or call the militia into service, or exercise any control over them other than that already conferred under the Constitution and laws of the United States.

Railroad Tariffs.

Correspondence of the News.

Allow me space in your popular paper to make some few reflections on the high local freights on our Railroads in North Carolina. It is undoubtedly the experience of every body who has traveled on our roads or transported any produce thereon, that the tariffs of fare for passengers and freight are too high. Cannot something be done at our next State legislature to remedy this great evil which certainly is a great drawback to merchants and shippers generally, and to the community at large. The local freights are so high as to cause in many parts of our State a complete stoppage of shipments of produce &c., which with lesser rates would be shipped, and would make up a great aggregate of valuable products for the markets within the State. It seems to me reasonable that as these Railroad companies derive their franchises and privileges in view of being for the public benefit, from State sovereignty, that some State authority could be exercised by our legislators to regulate in some measure their tariffs of rates and thereby subserve the public benefit. Legislators of the next General Assembly, look to this matter of Railroad tariffs, and institute some legislation that will give us lower prices for passengers and freight on our Railroads. We trust that our representatives at the State capitol will, during the coming session, look into this matter and afford the people some relief from the exactions of these common carriers of the State, by firm and judicious legislation in reference to their tariffs. Block Triumphant.

Atlanta Independent.

After a week's wrestling with the Block dance-of-death case, the Presbyterian Synod got to a vote last Thursday night on Mr. Block's appeal from the Presbytery which sustained the action of Dr. Leftwich and his church in suspending Mr. Block for permitting a social dance in his parlor. The Synod reversed the action of the Presbytery and sustained Mr. Block by a vote of 37 to 15.

Chinese Rioting.

A new Chinese theatre has been opened at San Francisco by the Loon Yup company, which has provoked the enmity of the five companies controlling Chinese immigration, by importing its own troupe from China, and has had hordes of Chinamen sent to disturb its performances. One evening the police arrested 33 of the boisterous Chinamen, after a lively street fight, and at another time a small riot was caused by the arrest of a ringleader of those who mounted the stage to abuse the actors, a squad of policemen being necessary to disperse the 3000 angry celestials who gathered in the street.

A Tribute to the Memory of a Noble Woman.

Newbernian.

The death of that excellent lady, Mrs Gov. Vance, is not only a loss to her distinguished husband, but also to the State. We shall never forget the impression she made upon us at the inauguration of our Chief Magistrate on last January a year ago. Clad in a neat, sober-colored silk, standing in her private apartment which yet became the reception room for the most illustrious citizens of the Commonwealth, supported on either hand by accomplished lady friends, who loved her, and gave her their cordial sympathy, and receiving the congratulations of North Carolina's most gifted sons, she was truly a woman to esteem, admire and cherish. No glittering gewgaws about her person, no simpering flash of mannerism or fashionable affectation nor yet was there any cold, repellant stateliness of official dignity. She looked like Cornelia might have looked when Scipio Africanus came back triumphant over Carthage, or when the Gracchi had won their first victory in the politics of Rome. Calm, self-possessed, a lady born and bred, her brow sharing the laurels of the campaign just ended, her life wedded to the most gallant knight of all that terrible ouset of arms, the very sweetness of a happy wife and mother shone in every expression of her face. We do not know that others saw her as we did. But to be introduced to her and to hear her talk at such a time and under such circumstances, caused a halo of romance to be woven around her which to us has been one of the most pleasant memories of the past. We have said that her death is a loss to North Carolina. It would be a very sad thing to have a merely accomplished and fashionable woman, in these dark and troublesome days, ruling at the hearthstone of the Chief Magistrate of the State. Mrs. Vance was none of this. The daughter of a pious minister, trained at the altars of religion, and upon principle striving for the life which is to come, she drew the fleeting dignities and honors of official station up to the solemn rights and dignities of the Church of Christ. The death of such a woman is a public calamity. And who can tell the void which her departing spirit has left in the experience of her boreaved husband? We have known Gov. Vance ever since his college days, and we can readily believe that to a nature like his, she has been a house of refuge from the windy tempest, a comforter in many a terrible hour of peril and darkness, and an impenetrable shield against the rough assaults of open and hidden foes. And how he will miss her in the coming years! May God so shape the future of this gifted man as to bring him at last to the sweet presence of the sainted women who has gone before.

A Nation of Gamblers.

Washington Post.

Nothing could better illustrate the enthusiastic and volatile character of the French common people than the manner in which they are now patronizing the grand lottery which is to be drawn on the 20th inst. Every such enterprise must be with them "either an avalanche or a fizzle," and this one having struck the popular fancy, is entirely sweeping the country. Every one who owns a franc buys a ticket. The enterprise is under the patronage of the government. Tax-gatherers postmen and small officers generally are agents for the lottery, and even the petty shop-keepers of Paris issue the tickets for change where the customers will take them. The peasantry are unearthing their savings and coming to visit the Exposition in crowds, a part of the proceeds of the sale of tickets being set apart for the purpose of their transportation. By this means many are enabled to see the great fair who could not otherwise afford to do so. There are six million tickets and one hundred and forty-five grand prizes including, besides money and jewels, specimens of almost every article in the Exhibition—from grand pianos down to Strasburg pies. In fine it is a great rage, and the fickle French are wholly given over to this gambling frolic.

Afflicted Patriots.

Winnemucca (Nev) Silver State.

Candidates who recently visited Paradise and Spring City, or, as they are known respectively by the inhabitants, "Gouge Eye" and "Bung Eye," say they were handled without gloves by the boys in both camps. Their coats, hats and pantaloons were taken to the nearest saloon and pawned for drinks. Some of them waked up in the morning to find everything belonging to them in "soak," and had to go from their beds elegantly attired in blankets to make terms with the barkeeper for those articles. There are generally four or five knock-down arguments a day, and more whiskey is said to be drank in the new mines every day than in any other place to its size on the coast. Of course a candidate who displays much temper and gets very angry at such treatment stands no show of getting votes.

Re-Election of Hon. J. J. Davis

Hillsboro Recorder.

It is with inexpressible pleasure that we announce the re-election of this gentleman by an increased majority in the face of an opposition formidable in character and dangerous in its conduct. For the campaign has been marked by absence of those discussions which are effective both in rousing enthusiasm and in exposing the weakness of opponents. Mr. Davis has rarely had the opportunity of engaging in debate, and has pursued his campaign uncheered by the crowded audiences which animate the speaker, and stimulate to effort. He has triumphed rather by moral forces than through the ardor of popular excitement; drawing his constituency to his support on the day of election through convictions of the value of his character and services, rather than by the adventious aids which are of so much avail to the candidate in times when the furor of contest is lashed to its wildest height.

Spanish Beauty as Seen by an Italian.

The *Italia* of Rome has the following: "If the fair sex in Spain were to be judged by the female pilgrims who have arrived in Rome, one might say that the Spanish beauty sung by poets is only a myth. One might see here and there some fine black eyes full of expression, but the surroundings by no means corresponded to them. We do not exaggerate in saying that of the 200 women we saw yesterday evening there were not four who wore bonnets and who belong to the easy class of society. As for their cleanliness, the less we say of it the better."

Surveying Lands for Colonists.

Asheville Pioneer.

R. B. Justice and S. P. May, of this place, have just completed a survey of 71,000 acres of land in the counties of Madison and Haywood, N. C., and Cocke county, Tenn., owned by A. Cushing, Esq., who designs introducing a colony from Switzerland. It is represented as being well adapted to stock raising, for vineyards, fruit culture and honey.

Eaton and Burnett's Business College, Baltimore, Md.

The young men of this city and country posses in this institution a boon of inestimable value. It is difficult to estimate the advantage to young men entering commercial life obtained by pursuing a thorough course in such a business training school. It is not too much to say that the knowledge gained in the countinghouse in six or twelve years, does not give a more thorough and extensive acquaintance with the intricacies of business than may here be obtained by moderate application in from six to twelve months. We are glad to note the liberal attendance enjoyed evidencing as it does the confidence accorded the principals (Messrs. Eaton & Burnett,) by the community. *

Gov. Hampton's Endurance.

Wilmington Star.

Gov. Hampton lay for two hours in a swamp with his leg broken in two places. He used his horn and kept shooting with his gun until he was heard by some of the sportsmen. He amused himself by shooting at a target, bitting the bull's-eye every time, during the long two hours spent in solitude and suffering.

The Afghans.

Washington Capital.

This war-like people are nomadic and despise all trades and industries; they are lithe, tall and muscular, devoted to war, private or patriotic, and, as robbers, excel all other people. A few years ago the "Rifle Brigade" was camped three miles from the frontier hills, when one dark night the Afghans stole every rifle of one battalion, though the guards and sentries were trebled especially on their account.

Their ordinary dress is a skin coat, with long sleeves and lined with fur; loose, baggy, trousers, with a long cloth girdle or waistband, into which are stuck many weapons and a yataghan or curved sword. A matchlock is invariably slung across the back. Their headdress consists of a skull-cap of parti-colored cloth coming up to a peak at the top, encircled by a colored turban, the color and manner of tying which desiguates their tribe. For foot protection the hill tribes wear plated grass sandals, the townspeople the regular Arab slipper.

The Drill which Bores Square Holes.

One of the novelties of the Paris Exposition is a drill which bores square holes, the invention of Mr. Julius Hall of London. The work is done, too, says a correspondent of the Scientific News, in a way so simple and so easy that any one may prove the fact for himself. The invention has excited genuine astonishment among the mechanics gathered at the Exposition. There is a constant crowd surrounding the inventor, watching him bore hole after hole square, and puzzling over the provokingly simple solution of the problem. All that is required is an ordinary hand drill-stock. A stationary one, with a chuck below for holding the work, is used by the inventor; but he says a common brace will answer—"anything, in fact, will do that will properly hold the drill." The tool itself is the useful form of three-square drill—so that no special apparatus is required. Clamp or chuck this drill in its holder so that "it will wobble," that is the whole secret. Instead of making a round hole, as it will if tightly grasped, when loosely held it produces a square one; and, according to the inventor, it is immaterial whether the drill wobbles in the work or the work under the drill.

The Paris Exposition Lottery.

After the close of the Paris Exposition they are to have a French national lottery on a tremendous scale. The drawing has been postponed until December, and the number of tickets increased to 12,000,000. The authorities of the Exposition began by purchasing a large lot of exhibits, which they propose to distribute by public lottery. As the price of tickets is only a franc each, and some of the articles are very valuable, the gambling spirit of the natives and visitors has been thoroughly aroused, and there has been a rush for chances. This demand has led to the increase of the number of tickets, and the scheme affords many depositors an opportunity to get rid of exhibits which they have not sold and do not wish to carry away with them. The lottery being under Government supervision, it will be honestly conducted; but thousands of speculators in chances must, nevertheless, be disappointed.

A Dead Man Elected to Office.

Elizabeth (N J.) Journal.

William Keller was nominated on the Democratic ticket as Justice of the Peace for the short term, in the Second Ward, and last Tuesday he received 599 votes, and was elected. It is now stated, and we believe the statement to be true, that Mr. Keller has been dead for about six months. The City Clerk was this morning informed of Mr. Keller's decease, and is now in a quandary to know how to notify him according to law. But it may be that the report is incorrect, and if it is so, no doubt Mr. Keller will soon contradict it.

Carolina's Sheltering Care.

Asheville Pioneer.

The ghost of Miss Dix will never haunt North Carolina. She devoted her life to building Insane Asylums, and it was through her influence that the majestic pile, at Raleigh, now under the charge of that accomplished and efficient Superintendent, Dr. Eugene Grissom, was built. Since then the philanthrophy of the State is having erected a costly structure for the same purpose at Morganton. From the railroad, it presents an imposing front. And with the colored institution at Goldsboro, surely no one can charge the people of North Carolina with negligence in taking care of her insane. If a little more interest was taken in education by our people, there would not be so much use for insane asylums. An ounce of preventative is worth a pound of cure.

No Falling off in Wayne.

Goldsboro Messenger.

There is a startling falling off in the Democratic vote throughout the State, but the Republican vote fell off in nearly equal proportions, indicating a general apathy. In 1876 the Democratic vote of Johnston county was 2 179, this year it is only 1,368. Wake in 1876 voted 4,330 Democratic votes, now only 2,683, and a similar fall off is exhibited in nearly all the counties. Old Wayne alone did her full duty. Here we held the Vance vote of 1876. Hurrah for Wayne county!

Fighting Among Themselves.

Washington Post.

A special dispatch from Winnipeg, says that war has broken out between the Sioux and the Blackfeet and the Assiniboines. Several of the latter have been killed, and serious troubles is feared. A Battleford (Northwest territory) dispatch says reliable couriers from the plains report the outbreak of war between the Assiniboines and the Sioux. Eight of the latter were killed. The Assiniboines also stole horses from the Blackfeet, and killed a Blackfoot chief.

A Prosperous Inland City.

Despite the fact that Atlanta, Ga., is practically without water power, it is making rapid strides as a manufacturing city. At the present time, within a radius of twenty miles of that place, there are enough spindles to annually consume ten thousand bales of cotton, one cotton factory of that city employs six hundred hands. Atlanta also has a rolling mill, employing three hundred men; three railroad car-shops, employing several hundred, and the largest brewery south of Cincinnati, four boiler shops, six iron foundries, two door and sash factories, and four planing mills. For the year ending with August there were added nearly thirty per cent. to the manufacturing industries of that city.

ALAMANCE.—Gleaner: Inferior court meets next Monday.——The session of the Presbytery closed on Sunday by a sermon by Rev. J. C. Alexander.

ANSON.—Charlotte Observer: Mr. Meeke and Mr. MacKenzie, both brothers in-law of the Miss Linkhaw, who shot and killed Hartman last month, were up for trial at Wadesboro, Friday. The first was discharged, the latter held for trial. Miss Linkhaw is in jail at Lumberton.

BUNCOMBE.—Asheville Pioneer: Sunday morning, while preparing for church, Miss Emma Kimberly, daughter of Professor Kimberly, was seriously burned, at the residence of Maj. Marcus Erwin, in this vicinity.——Dr. Heron, an eminent Homeopathic physician and surgeon of Connersville, Indiana, is coming here to locate permanently.——On Monday a man named Dorsey, from Burke, died from the effects of liquor at the Swannanoa Hotel. He was at one time an influential citizen of his county.——Rev. Dr. Atkins, the pastor of the M. E. Church in this place for the past two years, returns to Abingdon, Virginia.

CRAVEN.—Newberne Nutshell: Great numbers of fish are killed or stunned by the explosion of the dynamite used in removing the obstructions in the Neuse.——Ducks and squirrels in the creeks and woods around Newbern are attracting many sportsmen.

IREDELL.—Charlotte Observer: The trial of Pethel, for the murder of his wife by poisoning, in Rowan county, a year ago, comes up at this term of the Superior court.

MECKLENBURG.—Charlotte Observer: A fight between Dr. J. H. McAden, President of the Merchants and Farmers Bank, Mr. Holland, the Cashier, and L. W. Sanders, a merchant, occurred on Tuesday. Mr. Sanders received a wound or two about the head, but nothing serious.——A firm at China Grove has this year made 3,000 gallons of Sorghum, which is pronounced excellent and which they sell readily at 30 to 35 cents per gallon.

NEW HANOVER.—Review: The Executive Committee of the Greenback party of this city met in the court house Monday.——New crop peanuts are coming into market slowly as yet.——The fish market is abundantly supplied with fine trout and mullets.——The steam cotton presses in this city are being worked to their utmost capacity.

ORANGE.—Hillsboro Recorder: The monthly reception of the Misses Nash and Miss Kollock's school came off on Friday evening last and as usual was very charming. A considerable number of visitors were present.——The weather last week was uninterruptedly fine, and a great quantity of wheat was put in the ground, in fact that operation kept large numbers from the election.——Geo. Towns, a negro, lashed a fine ox of Mr. Strudwick to a tree and then cut it in pieces with a knife. He was found in Hillsboro and fired at several times, but escaped.

PERSON.—Hillsboro Recorder: Inquiry during a visit to Person county developed a very gratifying condition of the crops. We found a universal expression of opinion that the tobacco crop was the best in quality and the most perfect in curing made for many years.

WILKES.—Statesville American: Capt. A. C. Bryan has just returned from Wilkes county, with his force of raiders, and reports the destruction of thirteen illicit distilleries with their contents, consisting of copper stills, and worms, 23,000 gallons of mash and beer.——The next session of the North Carolina Annual Conference of the Methodist Protestant church will convene at Yadkin College to-day.

Prospects of Peace in India.

The Times, of India, says: Hopes are entertained at Simla of a peaceful solution of Afghan difficulty. It is supposed that Russia is exercising pressure upon the Ameer with this object. The Ameer moreover despairs of success against the British. The commander-in-chief of the British forces has started for Peshawur. Gen. Brown's division will strike the first blow if war is declared.

Tombstones at Cost.

Parties wishing tombstones of any description will find it their interest to to call and examine Mr. John Cayton's large and varied selection. He will sell at cost for the next thirty days. Now is the time to secure bargains. Marble yard just below Harps carriage factory *

Delightful Beverages.

The ales, porter and lager beer, bottled by M. Bill, and delivered daily in all parts of the city, are unexcelled for purity and briskness. It is the universal opinion that as a tonic or as a beverage his ales etc. have no superior. The prices are unusually low, and perfect satisfaction is guaranteed. Strongly recommended by the medical profession. *

Sanders, the Great

Consignee, received this morning Cotton Yarns, Plug Tobacco, and Fine Cabbage. Call for bargains. *

Groceries of all Kinds.

The large store of Rand & Barbee Bros. is filled with a choice stock of groceries of all kinds, at lowest rates. The firm does a large cotton business, and solicits consignments of cotton etc. Perfect satisfaction is guaranteed in all respects. *

The National Hotel.

By some means unknown, a report has been given circulation that this fine house would speedily be closed. Never was there a rumor more utterly unfounded. The hotel will continue to be, as it has been, first class in its accommodations and living. The traveling public are asked to test the truth of this, and I will always receive a ready welcome. *

Since its foundation in 1795, the present Paris mint has coined one billion seven hundred million gold pieces.

One of the largest and best selected stocks of Groceries, Dry Goods, Ready-made Clothing, Boots and Shoes in the city will be found at W. E. Dupree's, Raleigh, N. C. Go and see him and you will be surprised to see how cheap he does sell goods. Don't forget the place for it is to your interest to give him a trial before buying elsewhere. *

WEDNESDAY, ...NOVEMBER, 13, 1878

ORGAN OF THE DEMOCRATIC PARTY

The News Building, No. 6. Martin Stree

Wendell Phillips advocates fiat greenbacks for currency and Grant for President.

The editor of the Mining Record essays to show that in the depreciation of silver brought about by the effort to make gold the exclusive legal tender money of all commercial people, the price of cotton has been affected injuriously to the producer.

The elections now over, the country returns to its wonted placidity in public affairs. The main idea now is the advancement of our material interests in every way, and in the grand work of extending our trade and its limits there should be the most perfect concert of action among our people.

Just about now is occurring one of those epidemics of crime which seem to fall upon the country, after brief periods of comparative freedom from such mad outbreaks. Now crime after crime, each more terrible than the one it succeeds, is blazoned in the public points, and sensation mongers have a harvest of the horrible.

Among the matters which many of the State papers advocate, and which will be brought prominently to the consideration of the next Legislature, are a "no fence law," a tax on dogs as property, the restoration of the whipping post, and the enlargement of the jurisdiction of justices of the peace. It is said that these measures will be warmly advocated, but all will doubtless find bitter opposition.

The commercial convention, convened for the purpose of discussing the means of further extending the foreign trade of the United States, especially with Brazil and the Spanish Americas, met yesterday at Chicago. The country should spare no effort to increase the demands for our products in these countries. We enjoy unparalleled advantages in this respect, having the great Mississippi as a water-way for western commerce.

Gold remains steady at a premium of one-eighth, and imports from Europe are now thought not improbable at an early day. Our grain and provisions have been going forward freely. The cotton crop begins to go abroad largely; the exports last week were 78,443 bales, and during ten weeks since September 1st the exports of the new crop have amounted to 493,887 bales, whereas only 341,751 bales had, at the corresponding date, gone abroad from the crop of 1877. There is no longer a doubt that the crop is the largest ever grown in this country.

The Courier-Journal, says the London Times, is right when it charges the Republican leaders with the responsibility of the organization of the National Greenback Labor party. Those leaders and the policy of their party for twelve years drove the Greenback Labor theorists to the organization of a party with an impracticable platform. The Democratic party to-day is the only guide out of the woods which the people have. The Republican centralizations would keep them in the wilderness if they could.

It is stated that O'Hara, the colored Radical candidate of the Second Congressional District, will contest the election of Capt. W. H. Kitchen, Democratic candidate elect, from that district, and that to this end he has employed as counsel, Messrs. W. H. Day, of Halifax, Fred Phillips, of Edgecombe, and Judge Manly, of Craven. O'Hara will probably apply for a mandamus, requring the Judges of election of those precincts in his district, which were thrown out, and which he claims if counted that he would have been elected, to count the votes, as he alleges that he received large majorities of the votes cast at said precincts.

The Asheville Pioneer no longer claims to be the official organ of the Republican party in the Eighth District, and says that its friends give it but weak support. The editor says, of the fact that the Radicals do not publish in it their official notices, that "this policy of republican officials is not calculated to add to the growth of republican sentiment; it is a perfect crusher to those who are want to publish Republican papers; and it will result, in the end—if persisted in, in the near "sweet bye-and-bye"—in landing every republican official, high and dry, on the shoals of retirement to private life. No party can succeed, and officials can not expect to retain their places, who starve their friends and give aid and comfort to their enemies."

So many theorists come forward with plans for the complete restoration of prosperity to the country by the single means of governmental protection to industry and commerce that it would appear at first sight as if this were a sure remedy. But when we reflect that foreign countries which have given the plan a crucial test are equally with ourselves suffering from the same depression, the theory falls to the ground. It is manifest that the wide-spread commercial stagnation we are now enduring comes from nothing which protection can abate, since it is found in countries having a high tariff, as well as in those having a low one. Every nation, according to the above exhibit, is suffering from competition of some other nation, and, consequently, there is a losing business going on all around. If the leading nations of the world turn their backs upon the teachings of experience so far as that all erect trade barriers around their frontiers, this country, at least, will be no gainer by the operation, for our foreign trade, which we are now so carefully nursing, will receive its death blow by weapons forged by ourselves.

In a printed circular issued by the Republican Executive Committee of the Second District, relative to the eligibility to office of the negro O'Hara, the following specified charges were made, which the Goldsboro Messenger published: 1st, that he is not a citizen of the United States, he having never been naturalized; 2nd, that he is a bigamist, having two wives now living; 3rd, that he stands indicted for malfeasance in office. The committee say that not being duly naturalized he cannot become a member of Congress, and if the charge of bigamy be true that he would be expelled from Congress even if admitted. O'Hara has denied all these charges. He claims that he does not need to be naturalized, because he says his father was born in the United States; this defence appears to be a new idea and has but recently occurred to him. The bigamy charge O'Hara refutes also. He claims that he obtained a divorce from his first wife while he resided in Washington by the courts in that city, but the Republican committee has had the records searched at Washington and has failed to find evidence of the divorce. From the records of Wayne county it would seem that his naturalization has never been perfected. The claim that his father was an American born citizen will avail him nothing, since he thus has himself admitted under oath that he is a native of St. Croix and a subject of the King of Denmark. This being so O'Hara would clearly seem to be ineligible to a seat in Congress, and if his contest by any chance be successful, Capt. Kitchen will be given his seat on the ground that every vote given for O'Hara does not count, inasmuch as he was ineligible.

The Solid South.

Speaking of the late Congressional election, wherein the South so nobly rallied to the rescue of Democracy, the Washington Post says: To the Democratic majority in the lower House of Congress the South has contributed very nearly two-thirds. Of the one hundred and fifty members who will go into the Democratic caucus, between ninety and a hundred are from the old slave States and fifty from the States north of Mason and Dixon's line. In this classification Maryland, West Virginia and Missouri are improperly placed—they are not Southern States in the usual meaning of the phrase, and should not be ranked as such. Taking them from that classification and adding them to the Western and Northern list, the division would be almost exactly equal. Still, the South is "solidly" Democratic and will be made use of as such by every Republican editor and orator in the land. Not out of their own strength but out of our weakness and follies will they hope to regain their lost ground by opposing to a "solid South" a "solid North." We are pleased that it is so. We are gratified that the issue has been fashioned in that way. For the Democratic party, if that party is really fit to be trusted with the National Government, as we have steadfastly maintained, and as honestly believed, a better opportunity could not have been devised.

The "solid South" will compel, by its course in the Forty-sixth Congress, a recognition of the good faith with which she has acted ever since she confessed herself beaten upon the battlefield. God knows she has had provocation enough from the swarms of Northern mercenaries and freebooters who have overrun and wasted her substance, who have pinioned her with debts and obligations, but she stood all this with true courage and an unshaken resolution. She will give a good account of her stewardship, an account of which her most virulent enemies will be obliged to take notice.

She will have to pass the Federal pension appropriation bill—or, in other words, vote living supplies to the men who fought and conquered her. She will have to provide for the interest of a debt incurred in the work of her subjugation. Fifty tests will be applied to ascertain the extent of her fidelity to the "settlements" of the war. Matador politicians from the North—of the Eugene Hale school—will endeavor to goad her representatives into unwise acts, unwise votes and unwise speeches. For two years she is to be held at bay and baited. And yet we have no fears of the result; indeed we are gratified beyond measure that events have so shaped themselves, that by acts, not words, the South can give an account of herself, and that by her record, and not by protestation, however sincere, she can confound her enemies and slanderers who have lived for years by misrepresenting her. In short, there is not in Congress to-day, in either branch, a solitary Republican whose name is known outside the State he hails from, who has not been sent there because he pretends to hate as well as fear the South; and has inoculated his constituency with the same views.

VEGETINE

will Prevent and Cure

PARALYSIS.

ENJOYED A GOOD NIGHT'S REST.

SO. LAWRENCE, MASS., April 30, 1877.

MR. H. R. STEVENS:—

Sir:—Some five years ago I commenced taking Vegetine. At that time I had had a shock of Paralysis, and could not walk across the room without assistance. I found great relief from it at first, but discontinued the use of it again, and am now able to do my own work, and am washing to-day. I had taken large quantities of morphine, and was unable to sleep. I have found Vegetine to be a great quieter of the nerves, and after taking it have been able to enjoy a good night's rest. I believe it to be a good medicine, and cheerfully recommend it to others.

A. S. ROBERTS,

No. 1 Kingston Court, Lawrence, Mass.

Nervousness, and all derangements of the nervous system, are usually connected with a diseased condition of the blood. Debility is a frequent accompaniment. The first thing to be done is to improve the condition of the blood. This is accomplished by taking Vegetine. It is a nerve medicine, and possesses a controlling power over the nervous system.

I Have Seen the Remedy Tried, and Know it is Good.

NEWPORT, KY., April 27, 1877.

H. R. STEVENS, Boston Mass.:—

Sir: Having sold and recommended your medicines for the last three years, perhaps you would ask why I should recommend them. I will answer, by saying, that I saw such beneficial results in a young friend who has been afflicted with a disease for two years, which was brought on by his own imprudence; and he had taken but one bottle when it showed its power to successfully fight the evil, so that I have always recommended it to young friends with bad blood. If you wish to use this as reference, why, I say you can do so, as I have seen the remedy tried and know it is good.

I remain, yours very respectfully,

G. M. MILLER,

P. O. Box 476 Newport, Ky.

VEGETINE.—For eradicating all impurities of the blood from the system it has no equal. It has never failed to effect a cure, giving tone and strength to the system debilitated by disease.

Vegetine

WILL CURE DROPSY AND DYSPEPSIA.

WALNUT HILLS, April 16, 1877.

H. R. STEVENS, ESQ.:—

I have much pleasure in informing you that, after seeing the perfect cure of a three-years old case of Dropsy by a friend of mine, I tried to get cured of an old trouble of mine, Dyspepsia. The use of four bottles of Vegetine, according to your directions, was a great success, and I am free of my old enemy. The use of your Vegetine has effected a perfect cure.

Respectfully yours,

L. W. DAVIDSON,

Walnut Hills, Cincinnati, O.

VEGETINE.—It extends its influence into every part of the human organization, commencing with its foundation; correcting diseased action, and restoring vital powers, creating a healthy formation and purification of the blood, driving out disease, and leaving Nature to perform its allotted task.

APOTHECARIES RECOMMEND IT.

CINCINNATI, April 19, 1877.

MR. H. R. STEVENS, Boston, Mass.:—

Dear Sir:—I have sold, during the past two years, large quantities of your "Vegetine," which has given entire satisfaction in all cases, not hearing of a single complaint against it.

Very truly yours,

Lever Feed Cutter,

something entirely new and novel in the feed cutter line. With this cutter the feed in cut off diagonally, instead of square across, as is the case with all other cutters at the same time our cutter has a draw cut, acting exactly on the same principle that a knife is used is cutting off a stick, consequently with our Diagonal Feed Cutter we can cut more feed with less labor in a given time than any other cutter costing twice as much.

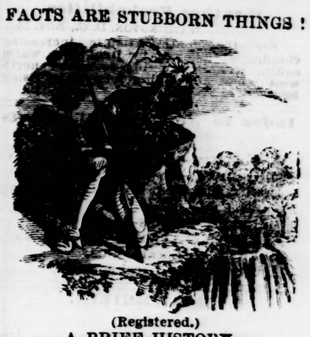
A CERTAIN AND SPEEDY CURE FOR SCROFULA.

FACTS ARE STUBBORN THINGS!



(Registered.)

A BRIEF HISTORY:

The following is from the Raleigh News, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs. Person's father. Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the Scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed to the child. Her child now lives well and hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kittrell's they told him of Mrs. Person's recipe, and Dr. — wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless those old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER.

MRS. JOE PERSON:

The medicine I purchased of you last winter proved of lasting benefit to my son, who was troubled with twenty-five running sores, some of them quite large, and of a scrofulous nature. In less than three weeks after commencing the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. As a TONIC AND BLOOD PURIFIER IT HAS NO EQUAL. Hoping that you may be spared for many years of usefulness, I remain, Very respectfully,

T. J. STOKES.

Louisburg, N. C., May 22, '78.

AS A TONIC AND ALTERATIVE

Being desirous of adding my testimonial to others, concerning the merits of Mrs. Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any TONIC I have ever used. When I commenced using Mrs Person's Remedy I was very weak, complexion sallow, and now I am WELL,

Respectfully your friend,

MRS. H. L. BROWN.

Sept. 26. 1878.

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS. JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrofula. I hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me, Yours truly,

WM. H. ARRINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After I returned from the Institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice.

I am, respectfully,

JAMES A. MORRIS.

KITTRELLS, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier. It is everywhere giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases. I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases.

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON:

Dear Madam—I have been using your Remedy for scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years. It has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,

JOHN BUIE, Box 141, Fayetteville, N. C.

For my personal reliability, I refer, by permission to Rt. Rev. Thos. Atkinson, D. D., North Carolina; Geo. A. Foote, M. D., Warren, Co.; Hons. J. J. Davis and C. M. Cooke, Franklin Co.

On Monday a negro man was shot at Lilesville, by the accidental discharge of a revolver in the hands of Mr. Allen, the agent of the C. C. R. R. The wound will not prove fatal, it is thought, though dangerous.

An Attractive Display

Of furniture, of all styles and prices, is made at the establishment of A. W. Fraps, corner Fayetteville and Davie streets. Those intending to purchase anything in this line cannot possibly do better than give Mr. Fraps a call, for they will surely be pleased.

The Tucker House.

This hostelry has not long been opened, but has already made itself a favorite here and with the traveling public. The fare is good, the rooms comfortable, while the location is very convenient. These many advantages are appreciated.

Convict.

Deputy Sheriff Ashley Whichard, of Pitt county, yesterday confided to the care of the authorities of the Penitentiary, Jerry Cradle, alias Charles Brown, colored, who was found guilty of larceny and sentenced to imprisonment for two years.

The Circus.

The juveniles are carefully hoarding their nickels and will be ready for the circus to-morrow. If the parade and pomp of this exhibition be a tithe of what the gorgeous posters say, then the display will be immense. However, whatever it may be, it will draw, and the streets to-morrow will be packed with gazers.

Married.

This morning Mr. Jos. P. Pritchard, Jr., of this city, the brother of Rev. Dr. T. H. Pritchard, is to be married at Drapersville, Va., to Miss Helen A., daughter of John R. Walker, Esq. In a few days the happy groom will return to this city, bringing with him his fair young bride. His many friends wish him good luck and unlimited matrimonial felicity.

Postal Cards.

It is not generally known that anything pasted, sewed, pinned, or otherwise attached to a postal card, unless it be an address pasted on the "address side," renders it unmailable as a postal card. Any writing, other than the address, on the side intended for the address, also excludes it from the mails unless the sender attaches a a three stamp to the card.

The New Policemen.

Officers Paul Lincke, W. C. Parker, and Martin Thompson, who were elected policemen at the Monday evening meeting of the Board of Aldermen, were yesterday sworn in. They were assigned to duty on the night squard. Some one makes the query whether the police are to be uniformed, or whether the present varied costumes will continue to grace the streets.

Personals.

Capt. J. R. Thigpen, of Edgecombe, was in the city yesterday, on his way to the Charlotte Fair.

Mr. A. M. McPheeters leaves this morning on a business trip to Baltimore.

Jasper Rice, Esq, who for some years past has been a resident of this city, left for his former home in South Carolina yesterday. Not long since, having fully prepared himself, he went before the Supreme Court and passed a most creditable examination in law. He was for some months on the editorial staff of the News, and in that capacity, as in others, acquitted himself with credit. He will probably make Texas his home.

Convict Discharged.

The penitentiary authorities will discharge to-day Alfred Lanier, white, convicted in Craven county, of larceny, and sentenced to the penitentiary Dec. 1877. He is about 20 years old, 5 feet 7½ inches high, grey eyes, dark hair, and weighed when admitted 143 pounds.

Pounding.

Rev. W. R. Gwaltney, pastor of the Swain street Baptist church, of this city, received a very severe "pounding" last evening at the hands of the members of his congregation. Those who were present say the affair was a very pleasant one to both pastor and people. Mr. Gwaltney has been in this city but about a year, but in this short time has endeared himself to his church, as an earnest preacher and a faithful pastor, and has made many warm friends outside his own church.

Wake Criminal Court.

Court met at 10 o'clock a. m., yesterday, His Honor, Judge Strong, presiding. The following cases were disposed of:

State vs Thomas Curtis, affray, guilty; judgment reserved.

State vs Scott Osborn and S. M. Martin, affray; submission. Judgment $5 fine and costs.

State vs Wm. Pope, Bryan Pope and Wm. Blunson, affray. This case occupied nearly the whole day.

Court adjourned until this morning.

Adjournment of the Baptist Covention.

The Charlotte Observer says the Baptist Convention formally adjourned its annual session Sunday night, after the sermon by Prof. W. B. Royall, of Wake Forest College, Rev. Haynes Lennon, one of the oldest ministers in the State, made the closing prayer. The time and place of holding the next convention have not yet been fixed; for special reasons this matter was left to the Board of State Missions, which will make the appointments some time during the year. The convention was as large or larger than usual, and harmonious in the highest degree.

The Big Ditch.

Fayetteville street looks as if an entrenching party had done a few nights work on it. The vast mounds of earth from the great sewer-cutting rise many feet, while the excavation is of great depth. The work on the upper end will be completed in about 2 weeks. Some five hundred feet of pipe will then be laid at the other end, carrying the lower part of the sewer down into Bledsoe's field. At that end a large basin will be dug to receive the sewerage, and this will be used as a fertilizer for Mr. Bledsoe's large farm, which lies around it. The entire work will be completed by about the middle of December. Nine connections of public and private buildings with the sewer will be made on Fayetteville street. Mr. John Murphy, the foreman, is very energetic in pushing the work.

Controversy among the first-class hotels of New York shows that the service is constantly changing from one first-class hotel to the other, and the other, and the bills of fare show the same variety of dishes. The important fact, to travelers is that the Grand Central offers the same accommodations for one and two dollars per day less than the other. *

Attention Sportsmen.

Cigars at Wholesale.

My facilities for handling cigars at wholesale are unsurpassed by any house in the State. I can offer inducements to dealers throughout the State and invite enquiry both as to quality and price. J. H. Sultan, Newberne, N. C.

Our Buyer.

It is very difficult for a merchant to make a trip to New York, buy goods cheap, and return immediately. For this reason Law's China and Silverware establishment (Raleigh and Charlotte, N. C.) has a buyer constantly on hand in New York picking up crockery, glassware, or anything in their line cheaper than regular prices. Greater inducements are offered now in sterling silver plate than ever before. *

Sacramental Wine.

Speer's Port Grape Wine is a pure, unintoxicating wine, from the finest native grown Port Grapes, especially for the use of Christian Churches, and guaranteed to retain its grateful flavor and essential qualities unimpaired for any period Much used for evening parties and by invalids. *

Quite a Mistake.

We said in yesterday's paper that "all the grocers in town say their customers will not use any other Baking Powder but Jones' Unrivalled." This was quite a mistake, as the Patapsco Baking Powder has a great reputation here, and nearly every grocer in town keeps it in stock, and the demand for it is daily increasing. Merchants can be supplied at wholesale by W. H. Dodd, corner Wilmington and Martin Streets. *

A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Coschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America. *

FACTS.

EXAMINE any Green or Japan Tea, and you will find the color will rub off, and if you break a grain, you will see inside the true color of the tea.

BISHOP MARVIN wrote from China; "You can get no respectable Chinaman to drink tea after it has been doctored for the Foreign Market."

UNITED STATES, The department of Agriculture at Washington, in a special Tea Report, says:

"The Chinese never drink the dyed teas themselves, they are made for the foreign market"

APPLETONS CYCLOPEDIA, page, 600, says: "Teas are subject to various adulterations, including the coloring to improve the looks of inferior kinds The materials used are Prussian Blue, Gypsum and Indigo. There is but little un-colored green tea offered for sale.

MESSRS MARTIN GILLET & Co.; with a reputation of over half a century, and in close connection with the markets of China and Japan; Recognizing the truth or the above abuses, have lately introduced He-No Tea, it is selected from the choicest leaf, and is without the expensive coloring, polishing and fancy twisting usually put on teas shipped to America. In this way a fine pure tea like He-No can be sold at moderate price.

He-No is Tea in its natural condition, such as the Chinese themselves drink, and for the following good reasons, is sold only in original pound and half-pound packages.

It is the most convenient and economical style of package.

It is weighed and packed where it can be done cheapest and best.

It can be easily identified by the consumer.

It keeps the Tea better.

It prevents Adulteration in America.

We are the sole agents for this TEA in Raleigh, N. C., and ask our friends to give it a trial. And if not perfectly satisfactory we will CHEERFULLY take it back and refund the money.

ROASTED COFFEES.

We make a specialty of Roasted Coffees. We are the only house in the city that has apparatus for roasting coffees. This apparatus, specially provided for the purpose, thoroughly cooks and uniformly browns every grain; it therefore yields a fluid free from bitterness, and possesses all the aroma of the beryr. We roast every day and are therefore prepared to furnish our customers at all times with fresh, crisp, brown coffee. We have also an

Enterprise Coffee Grinder

that grinds two pounds per minute. No old, stale ground coffees in stock. Parties ordering coffees can feel assured that the goods will be as represented, as we select the green coffees and have them roasted and ground under our supervision. All we ask is a trial.

GRAND LODGE OF NORTH CAROLINA
F. A. M.

OFFICE OF GRAND SECRETARY,
RALEIGH, Nov. 6th, 1878.

The Grand Lodge of Free and Accepted Masons of North Carolina, will commence its 92d Annual Communication, at its hall in this City, on Tuesday, 31 of December next, at 7¾ o'clock, p. m.

Officers and representatives can procure return tickets, on application, over the railroads, &c., at the rates herein mentioned, viz;

Six cents per mile for the round trip over the following:

Atlantic and North Carolina; Seaboard and Roanoke; Raleigh and Gaston; Raleigh and Augusta Air-Line; Wilmington and Weldon; Wilmington, Columbia and Augusta; Richmond and Danville (North Carolina Division); North Western North Carolina; Piedmont; and Charlotte, Columbia and Augusta.

For one first-class fare over the following: Western North Carolina; Western (from Fayetteville) Carolina Central; Atlanta and Charlotte Air-Line; and Dismal Swamp Canal.

It is specially suggested that return tickets, over all the routes mentioned, are necessary, to prevent the payment of full fare, except the Atlanta and Charlotte Air-Line, over which Grand Secretary's certificate will be issued to return. D. W. BAIN,
Nov 7-td1 Grand Secretary.

PORTNER'S PREMIUM TIVOLI LAGER BEER,

Southern Depot of

ALEXANDRIA BREWERY

83 MAIN STREET,

NORFOLK, Va.

I respectfully ask the attention of Dealers and Consumers to our "Tivoli Lager Beer," put up in Patent stopped bottles. Having made a speciality of bottling this Beer, which is brewed by us expressly for export trade, and which received the Prize Medal at the late Richmond, Va., State Fair, "for general excellence" and which has no superior in this or any other market.

I hereby tender my thanks to the citizens of North Carolina who have so liberally patronized me, and ask for a continuance of their patronage.

Lumber! Lumber!!

IN ANY QUANTITY FROM

ELLINGTON'S SAW MILLS,

Having every Facility for the Manufacture of any Grade of

ROUGH PINE LUMBER,

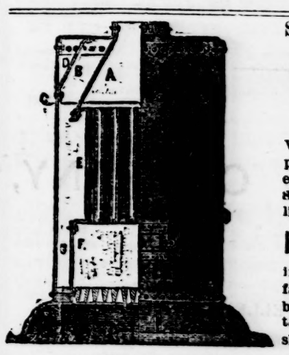
am prepared to fill all orders promptly and satisfactorily—both as to quality and price. With 13 years experience in the business, I have acquired a thorough knowledge of the management of lumber and can always furnish a grade fully up to the standard I represent. My capacity for turning out work is as great as any saw mill in the State and with fair notice I can supply orders to the extent of about 10,000 feet a day. Prices as low for cash as can be had elsewhere. Estimates furnished on application.

Soliciting the further favor of my old patrons and hoping to make many new ones.

Very Respectfully,
J. McC. ELLINGTON. Apex, N. C.

STEAM

BOILERS.



I have fitted up a first class STEAM BOILER WORKS—at the foot of Martin Street. I am prepared to engage extensively in the manufacture of every discription of Steam Boilers, Tanks, Smoke Stacks, Spark Arresters and all kinds repairing and light and heavy forging.

Having Made over 100 Boilers

in this State, all of which have given satisfaction, I can refer with pleasure to my work as the best guarantee of my reliability. All work submitted to thorough test and warranted before leaving shops. Estimates furnished on application.
